Light Your Project with alurays

The alurays lighting technology GmbH is a full customized provider of tailor made lighting solutions to lighting designers and architects offering a comprehensive portfolio of products and services.

You are planning an impressive outdoor illumination or you want to create a special interior lighting ambience? We will be the best possible partner for you!

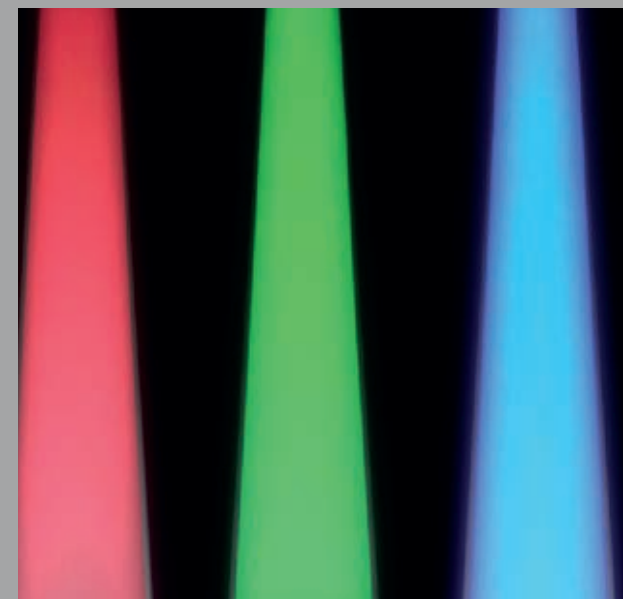

Any Profile

We have a wide range of standard aluminium profiles of varying shapes and sizes. Beyond this we can develop custom profiles to match your specific requirements.

Anywhere

We have more than 25 years experience and have realized a diverse range of projects around the world. From maller resident to large international projects, our expertise and enduring quality is known.

Any Colour

Endless light options are available for you via our standard or tailor made lighting control solutions.

Any Form

Straight, curved, circular or flat? ... you decide, we deliver.
